

PROGRAM OUTCOMES, PROGRAM SPECIFIC OUTCOMES, COURSE OUTCOME 2017-18

Our college have highest vision and mission of holistic development of personality than mere imparting of knowledge and all the departments are working cordially to attain it. College stresses on the “student-centered” approach which motivate them to think and act original and creative. Program outcomes and Course outcomes are generally highlighted through curriculum, college website, Annual Magazine and the Intranet facility available in the institution. Annual Alumni Association meeting and Alumni bulletin reflects the outcomes from real life Experience and it acts like a feedback for facilitators and also helps in the time of course revisions. The College follows a tradition of Induction assembly for first year undergraduate and postgraduate students of all programmes to make them aware about the learning outcomes for different programmes/courses. Every course separately has its own expected objective and introduced to the students at the time of course initiation. Along with classroom teaching, suitable methods are adopted for the inculcation of critical thinking, innovation, effective communication and so on so that the teacher and taught mutually works for the attainment and updation of outcomes. The college introduced CBCS in 2015-16 comprised of Compulsory skill enhancement courses/ Ability Enhancement courses includes spoken English, General awareness, General Science and Environment studies and subject specific skill enhancement courses which adds them for self-directed and lifelong learning. Extracurricular activities like NSS, NCC enhances the social interaction and motivates them for effective citizenship.
