

Mentors appointed

Mentors appointed for students of different disciplines for ready solutions to their problems related to academics and psycho-social issues

Efforts on the part of the college to make the learning process more students centric, one such innovative mechanism are 'INTERACTIVE LEARNING'. The teachers often, develop personal contacts with the students and allow interaction with them before and after the class in their respective departments. VERNACULAR MEDIUM is used sometimes to aid the speedy understanding of the students. Questions relating to the syllabus and all relevant questions are discussed inside the classroom. EXTRA/REMEDIAL classes for slow learners are also conducted to address the problems of the students. Such formal interaction with the needy students let the mentors to understand the psycho-social problems of the students and accordingly they are referred to contact members of the proctorial board, experts of the psychology, women cell etc,
